SERVICES

WAREHOUSING

Talana Limited offers comprehensive warehousing services across multiple locations, including South Africa, Zambia, Mozambique, Tanzania and Namibia, ensuring secure and efficient storage solutions tailored to your needs.

SUPPLY CHAIN MANAGEMENT

In addition to warehousing, Talana Limited expertly manages distribution, logistics and shipping across Africa, Australia, China and Europe, providing seamless and reliable solutions to meet your global supply chain needs.

TECHNICAL ASSISTANCE

Talana Limited also provides specialized technical assistance in hydrometallurgy, ensuring expert support and solutions for your metallurgical processes.

Talana Limited is a marketer, stockist and distributor of bulk industrial chemicals, minerals and raw materials to a diversified customer base. We physically source, finance, transport, stock and distribute essential commodities to a range of industrial consumers globally.

Our customers rely on our skill, market intelligence and global resources to effectively manage the supply chain ensuring delivery of strategic materials to their production facilities.

We are a responsible participant in all of our markets and focus on the establishment and on-going improvement of supply lines that will be maintained in the long term, enabling our customers to focus on their core business of manufacturing and processing, knowing that the products supplied by us are readily available.

As a company we are continuously exploring new markets and products which keep us at the edge of the world's new frontiers.

We **finance** and actively **invest** in assets linked to the products we trade.
